Year 5 and 6 have started swimming at Adwick swimming centre. They are split into two groups based on their swimming confidence.

Faith "This is a great opportunity for people who can't swim to learn how to swim"

Kavya "Some people were scared to swim but the instructors motivated them and encouraged them and in the end they learnt something."

Library and after school clubs are closed for the time being.

Set places in lunch have started, school council were unsure why this was?

Discussed how having places reduces movement around the hall. Could this be revised every half term?

Health (including mental health and wellbeing)

School council feel children don't feel as confident talking to adults over children. How can we develop this? We have peer mentors but how can we help children feel more confident talking to adults?
